---

## Summary

Game Developer experienced in creating 2D/3D **games** using **Unity**, **Phaser.js**, and JavaScript. Skilled in gameplay systems, **backend** integration, and **interactive** experiences for mobile, and web. [View my portfolio here.](#)

## Skills

### Game & Interactive

Unity · Phaser.js · Pixi.js · Three.js · Unreal Engine 4 · WebGL · Oculus Quest · HoloLens · HTC Vive

### Backend

Node.js · NestJS · Express.js · ASP.NET · Firebase · Prisma · Laravel

### Frontend

React · Next.js · HTML5 · Tailwind CSS · GSAP

### Database & DevOps

PostgreSQL · MySQL · MongoDB · Redis · Docker · AWS · Azure

### Languages

JavaScript · TypeScript · C# · Go · Python

## Work Experience

### Freelance Mobile App & Game Development

Istanbul, Türkiye · Current

- Developed AI-powered mobile apps using NestJS, Prisma, React Native and Firebase.
- Built and published Unity games with playable demos on Itch.io.
- Integrated Google AI, Prisma, and Firebase Cloud Functions for scalable backend logic.

**Technologies:** Unity · Google AI · React Native · Ionic · Node.js · Firebase · Prisma · Tailwind CSS · PostgreSQL

### Sr. Backend Developer

Kroppa Digital Agency · Full-time

Istanbul, Türkiye · Remote · 2024

- Migrated legacy serverless systems to a scalable microservice architecture.
- Improved Laravel-based apps and supported frontend feature development.
- Contributed to secure cloud migration with AWS and Docker.

**Technologies:** Laravel · Node.js · AWS · React.js · Tailwind · Redis · Docker · PostgreSQL · MySQL

### Sr. Backend Developer

Getmobil · Full-time

Istanbul, Turkey · On-site · 2023

- Boosted system performance 4x by implementing microservice architecture.
- Created backend services for e-commerce integrations.
- Built management dashboards with API connections to major platforms such as **Hepsiburada, Trendyol, Çiçeksepeti, Craftgate, İyzico.**

**Technologies:** Node.js · Express.js · Laravel · PostgreSQL · MongoDB · Docker · Redis · AWS

### Lead Unity / Full Stack Developer

Kodzilla / FCB Health Reaktor · Full-time

Istanbul, Turkey · Hybrid · 2020 - 2022

- Led development of 5 cross-platform XR experiences using Unity and WebGL.
- Built web apps with integrated backend systems and animation frameworks.
- Delivered projects for medical, advertising, and simulation clients.

**Technologies:** Unity · Phaser.js · Pixi.js · GSAP · Websocket · Node.js · ASP.NET · Unreal Engine · Oculus Quest · HoloLens · Azure

## Game Developer Contractor

Freelancer / Sole Proprietor

Cambridge, UK · 2017 - 2019

- Founded and ran a game dev studio in Cambridge delivering interactive projects for clients.
- Developed games using Unity, Phaser.js, and Three.js with backend in Node.js.
- Delivered web-based and desktop apps to international clients.

**Technologies:** Unity · Phaser.js · Three.js · Pixi.js · Node.js · Websocket · C#

## Junior Game Developer

Hologram Software LTD · Full-time

Istanbul, Turkey · On-site · 2016

- Developed HTML5 slot and casino games using Phaser.js.
- Created game logic, UI animations, and responsive designs.
- Supported QA and bug fixing in the production pipeline.

**Technologies:** Phaser.js · Pixi.js · JavaScript · HTML · CSS

---

## Education

**Anadolu University** - Bachelor's Degree in Statistics

**Technische Universität Chemnitz** - Studied Computer Science
